OHMVR COMMISSION MEETING
Holville, CA 92250

March 2, 2018

STAFF REPORT: General Plans Update

STAFF: Katie Metraux, Acting OHMVR Planning Manager

SUBJECT: Status of General Plans for State Vehicular Recreation Areas

Summary

Two State Vehicular Recreation Areas (SVRAs) are in the process of updating their park general plans. In addition, the Red Rock Canyon State Park General Plan, which has OHV components, is underway. A general plan directs the long-range development and management of a park unit by providing broad policy and program guidance. This guidance is essential to the SVRA managers and staff, and is of value to those organizations and individuals who have an interest in the SVRA.

Discussion

Pursuant to Public Resources Code Section 5002.2, California State Parks is generally required to prepare general plans for units of the State Park System (e.g., SVRAs) prior to the development of new facilities that require a permanent commitment of resources. A table identifying the status of the SVRA general plans is provided as an attachment to this report (see Attachment 1).

Following is a brief summary of recent SVRA general plan developments.

Ocotillo Wells SVRA:

The Ocotillo Wells SVRA General Plan team, in collaboration with Bureau of Land Management El Centro Field Office staff, is preparing the Draft Environmental Impact Report/Environmental Impact Statement for the project. This document addresses potential environmental impacts of the Ocotillo Wells SVRA Plan, proposed alternatives, and potential mitigation measures.

To ensure compliance with both state and federal land management policies, the long-term land management plan for Ocotillo Wells SVRA will be comprised of:

- a California State Park unit General Plan,
- a Bureau of Land Management Recreation Area Management Plan, and
- a California Desert Conservation Area Land Use Plan Amendment.

Hungry Valley SVRA:

The Hungry Valley SVRA General Plan team created a project website at www.PlanHungryValley.com to facilitate public involvement in the planning process. Interested parties should visit the project website and register to receive email notifications regarding project progress.

The first public meetings were held in Ventura and Newhall on February 15 and 16, 2017 and in Frazier Park and Bakersfield on February 22 and 23, 2017. The planning team received feedback from members of 4x4 and motorcycle clubs, Los Angeles County Park and Recreation, Angeles National Forest, OHMVR Commissioner Paul Slavik, Friends of Jawbone, and interested OHV recreationists. The next opportunity to provide input will be for the discussion of draft guiding statements and draft planning concepts.

Related Planning Efforts:

The Red Rock Canyon State Park General Plan Update restarted in January 2018. The Department has taken on the planning effort with both State Park and OHMVR Division planners leading the project. The General Plan team is updating the project schedule, tasks, and outreach efforts. More information about the project will be available at the next Commission meeting.

Eastern Kern County, Onyx Ranch SVRA will begin work on a Road and Trail Management Plan in 2018.
